### The wise mediation

All the parts of the story are below but they are in the wrong order.  
*cut out the boxes and put them back in the right order.*

David's men reported what had happened to David	David took the food and Abigail went home	Abigail asked David not to act in anger	Abigail told Nabal what she had done
Nabal couldn't speak and soon died	David and his men protected Nabal's sheep and shepherds	When David's men got hungry they remembered Nabal	David's men got ready to destroy Nabal's household
Abigail asked David not to listen to Nabal	David got angry	Nabal told the men to go away	Abigail got on her donkey to go find David
Abigail told the servants to find as much food as they could	A servant told Abigail what had happened	David asked Abigail to be his wife	David sent some men to get food from Nabal
