Goliath

Cutting down to Size

Why do you think nobody else in the Israelite army offered to fight Goliath?

Did you know that the Philistines didn't call themselves Philistines? We don't know what people they were but we do know they rejected God and hated the Israelites, God's chosen people. Do you think what happened to Goliath would change their minds?

Imagine a Israelite and a philistine tweeted the events at the battlefield, what do you think they would write?
