## Samson : Manoah + Wife

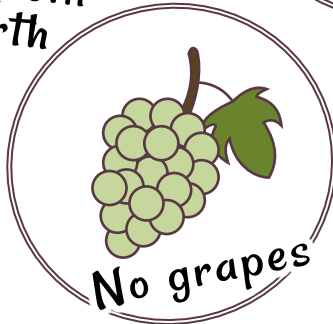

### A Nazirite

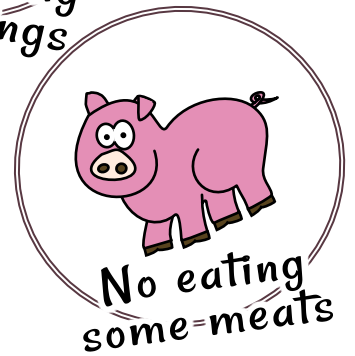

When Manoah and his wife meet the Angel of the Lord they are told their son will be a Nazirite  
Complete the illustrations to the Nazirite promise:

No Alcohol

No cutting hair

The name Nazirite comes from the Hebrew word **nazir** meaning separated.  
The child would be different from other children because he would live his life differently.  
How does what you believe make you live your life differently?

Manoah and his wife offered a small goat to God, that goat was precious to them, but they were willing to give it up for God. I wonder what we give to God, we don't burn goats anymore but people give different things. Circle the things people give to God today as offerings.

time

friendships

money

hearts

talents

decisions

resources

prayers

family

careers

Talk with the people around you about what you can give to God?
