

You'll need:

Scissors
Glue stick

Cut out the pieces

Instructions

Fold the tabs on the speech bubble pieces so the printing is on the inside. Fold the lines on the main piece so the printing is on the outside and it forms a tube.

Glue the speech tabs in so they are standing up - Simon Peter's words are attached to the middle section of the tube, Jesus' words are attached to the glue tab.

Add Jesus and Simon Peter to the front centre and glue the tube together. Slide left and right for the conversation.
