

You'll need:

Scissors,
mirror
push pin,
& ruler

Instructions

(Optional) Use a ruler and a pin to score each inside line on the 3 larger pieces.

Cut out the shapes and fold the three design pieces into a triangular prism (tube)

Glue the tabs to the bases.

Glue each triangular prism to the base piece.

Place the edge of C against a mirror - only by looking back can you understand the whole picture!
