

You'll need:

scissors, a split pin (brad), awl or hole punch, and glue.

Instructions

Cut out the everything.

There are 2 small white circles where you need to make a hole using an awl or hole punch.

Thread the split pin through the two holes and open up

Place a small amount of glue on the reverse side of Jesus and stick over the split pin. (I glued only the feet.)

Spin your creation to read the verse and watch the sun rise and set. If you want you can draw on some angels and animals.
