

### You'll need:

Scissors,  
sticky tack, 3  
popsicle  
sticks  
sticky tape.

## Instructions

Cut out David and set aside.

Take one of the three popsicle sticks and make a point with a sharp pair of scissors.

Lay the three popsicle sticks on the page template and then fix together using the sticky tack or tape.

Attach a 1cm ball of sticky tack to the two lowest points.

Attach David above the point using sticky tape. David will balance on a finger and dance if nudged.

David is high up here so you can see, move him a little lower to look a little more modest!
