

You'll need:

Scissors
& glue.

Instructions

Cut out all three shapes.

Without folding, add glue to the tab on the grey piece and fix into a coin funnel.

Fold the box together adding glue to the white tabs as you go.

Overlap the tops of the box so you end up with a circular hole and glue into position.

Fold the tab on the poor widow/woman forward and glue under the box so she stands up.

Place the funnel inside the hole on the box.
